Summary

Aspiring Android Developer with strong expertise in **Kotlin**, **Jetpack Compose**, and **Android Studio**. Hands-on experience building and deploying modern mobile apps using **Firebase**, **Room DB**, and **REST APIs**. Passionate about creating efficient, user-centric apps and eager to contribute to impactful mobile experiences. Actively seeking Android Developer roles for 2025.

EDUCATION

Bachelor of Engineering (BE) in Computer Science, Rajeev Institute of Technology   2021 - 2025

My academic journey at Rajeev Institute of Technology in Computer Science has equipped me with a diverse skill set. CGPA 7.5

SKILLS

Languages	Kotlin, Java, C++, Python
Android Tools	Android Studio, Jetpack Compose, XML, Git
Libraries & APIs	Firebase Firestore, Retrofit, Room, Glide, Google Maps
Database	SQLite, MySQL
Other Tools	VS Code, GitHub, WebView, MVVM Architecture

EXPERIENCE

Augmented Reality Developer   Oct 2023 - Nov 2023

ARK Infosolution   *Bengaluru, Karnataka*

- During this Internship period I underwent Technology Training on Augmented Reality
- Trained in Augmented Reality using Unity AR Engine.
- Built and demonstrated functional AR prototypes.

PROJECTS

- **Notes App** (Link)   *Kotlin, Room, XML, MVVM*
  - Developed a fully offline notes application using Kotlin and XML layouts in Android Studio.
  - Implemented Room Database for local data persistence with support for Create, Read, Update, and Delete (CRUD) operations.
  - Ensured responsive layout and lifecycle-aware components for smooth user experience.

- **News App** (Link)   *Kotlin, XML, Retrofit, Glide*
  - Built a news application that consumes REST API data from News API using Retrofit.
  - Used Glide for optimized image loading and Room Database to enable offline bookmarks.
  - Implemented search functionality, article filtering, and full-article viewing via WebView.

- **Nearby Store App** (Link)   *Kotlin, Firebase, Google Maps, Jetpack Compose*
  - Integrated Google Maps API to track and display user and store locations.
  - Utilized Firebase Firestore to store and retrieve store details in real-time.
  - Designed and implemented dynamic UI screens using Jetpack Compose.

CERTIFICATIONS & ACHIEVEMENTS

- ISRO – Overview of Space Science and Technology
- TeckKriti '24 - One of the dedicated coordinator for TechKriti '24, a state-level tech fest.
